

THE GARDEN

9 WEEK BIBLE STUDY

embrace

PASTOR SHANNON MAROCCO

Welcome to THE GARDEN

Since the world was created, God's invisible qualities have been displayed through everything He made. By taking a long and thoughtful look at what He fashioned, we can perceive His eternal power and unlock the mysteries of His divine nature. Over the next nine weeks, we'll take a deep dive into the attributes of The Gardener by studying the world He carefully orchestrated. As you learn more about His character, you'll glean a fresh revelation of His profound love for you. Notice the extraordinary details throughout His handiwork—from the preparation of the soil to the cultivation of the ground to the nourishment of each seed.

This is a place of enrichment, restoration, and deeper intimacy with Him. We'll take time to break up the fallow ground and cut back the overgrowth that's been choking the gardens of our hearts. We'll till and prepare the soil of our souls so that we can sow seeds of righteousness, faith and peace. The epic story of God's creation is beautifully, tragically, triumphantly woven from the garden of promise to the garden of pressure to the new garden; a symbol of His ever-present, desperate love for you.
